### 4. Introduction

### 4.1 Overview

4.1.1 These Funding Rules are current as at March 2011 and have been prepared in accordance with the requirements of the ARC Act in force then.

4.1.2 The **Linkage Projects** scheme provides funding to Eligible Organisations to support research and development projects which are collaborative between higher education researchers and other parts of the national innovation system, which are undertaken to acquire new knowledge, and which involve risk or innovation.

4.1.3 For the purposes of these Funding Rules, research is defined as the creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings. This could include synthesis and analysis of previous research to the extent that it is new and creative.

This definition of research is consistent with a broad notion of research and experimental development (R&D) as comprising creative work undertaken on a systematic basis in order to increase the stock of knowledge, including knowledge of humanity, culture and society, and the use of this stock of knowledge to devise [innovative] applications\(^1\).

### 4.2 Linkage Projects

The objectives of the **Linkage Projects** scheme are to:

a. encourage and develop long-term strategic research alliances between higher education organisations and other organisations, including industry and end-users, in order to apply advanced knowledge to problems and/or to provide opportunities to obtain national economic, social or cultural benefits;

b. enhance the scale and focus of research in National Research Priorities;

c. foster opportunities for postdoctoral researchers to pursue internationally competitive research in collaboration with organisations outside the higher education sector, targeting those who have demonstrated a clear commitment to high-quality research;

d. provide outcome-oriented research training for high-calibre postgraduate research students; and

e. produce a national pool of world-class researchers to meet the needs of the broader Australian innovation system.

### 4.3 Selection Criteria

Proposals will be assessed and ranked using the following selection criteria:

a. **Investigator(s)** (20%)

   - research opportunity and performance evidence (ROPE); and

   - capacity to undertake and manage the proposed research.

---

b. Proposed Project (50%) comprising

i. Significance and Innovation (25%)
   - does the research address an important problem?
   - how will the anticipated outcomes advance the knowledge base?
   - are the Project aims and concepts novel and innovative?
   - will new methods or technologies be developed?
   - will the proposed research provide economic, environmental and/or social benefit to Australia?
   - does the Project address National Research Priorities?

ii. Approach and Training (15%)
   - are the conceptual framework, design, methods and analyses adequately developed, well integrated and appropriate to the aims of the Project?
   - where relevant, is the intellectual content and scale of the work proposed appropriate to a higher degree by research?
   - how appropriate is the proposed budget?

iii. Research Environment (10%)
   - is there an existing, or developing, supportive and high quality research environment for this Project?
   - are the necessary facilities to complete the Project available?

c. Nature of the alliance and commitment from a Partner Organisation (30%)
   - is there evidence that each of the Partner Organisation(s) is genuinely committed to, and prepared to collaborate in, the research Project?
   - will the proposed research encourage and develop strategic research alliances between the higher education organisation(s) and other organisation(s)?
   - value for money and budget justification for cash and in-kind contributions.

   c. expect to submit a PhD thesis and confirm that the thesis has been submitted by 31 December 2011 (for Round 1 Proposals) or 30 June 2012 (for Round 2 Proposals).
   An APDI Fellowship cannot be commenced until formal advice is received by the ARC that the PhD has been awarded within a maximum time limit of six months of the thesis submission date; or
   d. have obtained approval from the ARC, via the submission of an Eligibility Exemption Request as outlined in Section 9.4, for the:
      i. recognition of an equivalent research degree or experience obtained within the specified time limits; and/or

The ARC will provide up to 14 weeks additional funding for this purpose. The Administering Organisation must seek ARC approval for any extension to the duration of the Project exceeding the 14 weeks paid maternity leave.

8.3 Eligibility Criteria for Linkage Industry Fellowship (LIF)

8.3.1 A LIF may be applied for at up to $200,000 salary, including 28 per cent on-costs, over the duration of the Project to support the temporary transfer from an Eligible Organisation to another Eligible Organisation or Partner Organisation, or vice versa, of:

a. a CI nominated on the Proposal; or
b. a PI nominated on the Proposal who is an employee of one of the Partner Organisations on the Proposal for at least 50 per cent (0.5 Full Time Equivalent) of her/his time.

8.3.2 A LIF request must:

a. identify and provide justification for the salary, including 28 per cent on-costs, requested for the LIF (not more than $200,000) and the proposed duration and timing of the Fellowship and detail how the support requested will be used;

b. describe and justify the nature of the temporary transfer, which must include physical transfer of the LIF for the duration of the Fellowship; and

c. make a strong case for the LIF in terms of the benefits to the Project and the contribution towards the objectives of Linkage Projects.

8.3.3 Only one LIF may be requested for each Proposal.

8.3.4 ARC funds may be used for a LIF only if specifically approved for that purpose as a Special Condition.

9. Number of Proposals, Funded Projects and Proposal Eligibility

9.1 Number of Proposals and Funded Projects

9.1.1 A CI or APDI may be funded concurrently for a maximum of four Linkage Projects.
9.1.2 A CI or APDI may participate in up to four *Linkage Projects* which have ARC funding only for Australian Postgraduate Award (Industry) APAIs, which do not apply for the purposes of the limit in 9.1.1.

9.1.3 There is no limit on the number of concurrent *Linkage Projects* for a PI.

9.1.4 A researcher may be nominated for a maximum of one APDI Fellowship per *Linkage Projects* funding round.

9.1.5 Researchers will not be permitted to relinquish a CI or APDI role held on 1 January 2011, to circumvent the limits in Section 9.

9.1.6 Researchers cannot be involved in more than the maximum number of Projects permitted in 2012. This number is calculated at the closing time of submission of Proposals by totalling the number of Projects receiving funding in 2012 and the number of Proposals submitted for funding commencing in 2012. A Project is considered to be funded for the years set out in the Funding Agreement.

9.2 Duplication

A Proposal may only be submitted once in the same funding round to *Linkage Projects* regardless of any variation in the proposed research, the listed researchers and/or Administering Organisation.

9.3 Proposal Eligibility

9.3.1 The ARC will not duplicate funding for research, including infrastructure, already funded as at 1 January 2012 (Round 1) and as at 1 July 2012 (Round 2) by the Commonwealth.

9.3.2 The Proposal must list all current funding and requested funding, including Fellowships, for each CI, APDI candidate and PI under any ARC scheme or any other Commonwealth funding scheme. If more than one Fellowship request is approved for funding, only one Fellowship can be accepted.

9.3.3 The ARC will assess whether a Proposal meets the eligibility requirements in these Funding Rules and may recommend that a Proposal that does not meet the requirements be deemed ineligible.

9.4 Eligibility Exemption Request

9.4.1 An Eligibility Exemption Request, including all relevant supporting documentation, must be submitted on the ARC *Eligibility Exemption Request* Form. Subsections 6.4.4 and 8.1.1(d) of these Funding Rules describe the defined situations where it is possible to submit an Eligibility Exemption Request. This form must be submitted through the RMS and received by the ARC by:

- 5:00pm (AEDT) Wednesday 30 March 2011 (for Round 1), or
- 5:00pm (AEST) Wednesday 28 September 2011 (for Round 2), unless otherwise advised.

9.4.2 An Eligibility Exemption Request received by the ARC after the time and dates specified in subsection 9.4.1 will only be considered in exceptional circumstances.

9.4.3 The Research Office will be advised of the outcome of any such request as soon as possible. If an Eligibility Exemption is given, the ARC will provide an identifying number for the exemption which is to be quoted on the relevant Proposal.

9.4.4 The ARC *Eligibility Exemption Request* Form is available on the ARC website.
10. Submission of Proposals

10.1 Proposals

10.1.1 The Proposal must contain all the information necessary for its assessment without the need for further written or oral explanation, or reference to additional documentation, unless requested by the ARC.

10.1.2 All details in the Proposal must be current at the time of submission.

10.2 Submission of Proposals in the RMS

10.2.1 Administering Organisations must submit Proposals through the RMS unless otherwise advised by the ARC.

10.2.2 All Proposals must meet the format and content requirements, including certification, as set out in the RMS form and the Instructions to Applicants.

10.3 Closing Time for Proposals

10.3.1 The online form completed within the RMS must be submitted by:

- 5.00pm (AEST) Wednesday 11 May 2011 (for Proposals in Round 1); and
- 5.00pm (AEDT) Wednesday 16 November 2011 (for Proposals in Round 2).

10.3.2 Additions, deletions and modifications will not be accepted after submission, unless invited by the ARC.

10.3.3 Proposals may be withdrawn by the Administering Organisation by notice in writing to the ARC up until:

- 5:00pm (AEST) Friday 1 July 2011 (Proposals in Round 1); and
- 5:00pm (AEDT) Wednesday 1 February 2012 (Proposals in Round 2).

10.4 Certification in the RMS

10.4.1 The Administering Organisation must certify a Proposal online in the RMS. Research Offices should ensure that the Research Office delegate role is authorised in the RMS to certify and submit Proposals.

10.4.2 The ARC reserves the right at any point in the process to seek evidence from the Administering Organisation to support the certification of Proposals.

10.5 Conflict of Interest

10.5.1 Each party involved in a Proposal must declare at the date of submission any Conflict of Interest that exists or is likely to arise in relation to any aspect of the Proposal.

10.5.2 A CI or APDI who:

a. holds a position as Director, Board member, or other paid or unpaid senior management position in a proposed Partner Organisation for a Project; or

b. has a personal, professional or financial interest that may influence a Project; cannot participate on the Project.

10.5.3 If a conflict of interest exists or arises, the Administering Organisation must have documented processes in place for managing the conflict of interest for the duration of the Project. Such processes must comply with the NHMRC/ARC/UA Australian Code for the Responsible Conduct of Research (2007) and any relevant successor document.
11. Selection and Approval Process

11.1 Assessment and Selection Process

11.1.1 Assessment of Proposals is undertaken by the ARC, which has the right to make recommendations for funding to the Minister, based on any number of assessments or solely on the basis of its expertise.

11.1.2 All Proposals may be:
   a. considered against eligibility criteria and compliance with Funding Rules;
   b. assigned to independent assessors, from a range of organisations, who will assess and report, which may include written comments, on the Proposal against the selection criteria; and
   c. ranked and allocated a budget, relative to other Proposals, by the College of Experts, on the basis of the Proposal, any assessors’ reports and any rejoinder.

11.1.3 All Proposals requesting $500,000 or more for any year (Large Linkage Projects) may be subject to additional assessment, including:
   a. short-listing within the group of Large Linkage Projects Proposals; and
   b. interviews in a format, including required participants, determined by the ARC. Interviews are expected to be held during August 2011 (for Round 1 Proposals) and March 2012 (for Round 2 Proposals). The ARC will not fund interviewee participation in interviews.

11.1.4 The ARC has procedures in place for managing organisational and personal Conflicts of Interest for assessors, members of the College of Experts, members of other ARC Committees and ARC staff.

11.2 Rejoinder

The Administering Organisation may be given the opportunity for a rejoinder to assessors’ written comments, and to provide any additional information requested by the ARC. Names of assessors will not be provided to the Administering Organisation.

11.3 Request not to Assess

Administering Organisations may name any person or persons whom they do not wish to assess a Proposal on a ‘Request not to Assess’ form. The notification must be sent to the email address advised under Contacts at the beginning of these Funding Rules and received by the ARC by the closing time for Proposals for the relevant round: 5.00pm (AEST) Wednesday 11 May 2011 (for Round 1 Proposals); and 5.00pm (AEDT) Wednesday 16 November 2011 (for Round 2 Proposals). The ARC will consider the justification put forward to exclude any person as an assessor, but may choose not to give effect to such a request.

11.4 Recommendations and Offer of Funding

11.4.1 In accordance with the ARC Act, the CEO will submit funding recommendations to the Minister for consideration. The Minister will determine which Proposals will be approved and the amount and timing of funding to be paid to Administering Organisations for approved Proposals.

11.4.2 Under the ARC Act, the Minister must not approve for funding any Proposal that fails to meet the eligibility criteria set out in these Funding Rules.

11.4.3 Administering Organisations whose Proposals are approved will be notified in a letter of offer that will indicate the funding to be offered and provided with a copy of a Funding Agreement for signing.
11.4.4 The Minister may vary the funding approval if the ARC recommends that the particular circumstances of the Project warrant variation. Any variation or change will accord with the ARC Linkage Projects Funding Rules and Funding Agreement.

11.4.5 If the ARC funding approved for a Project varies from the amount requested, pro rata adjustments may be made to the Partner Organisation contributions.

12. Appeals Process

12.1.1 Appeals will be considered only against administrative process issues and not against the assessment outcome.

12.1.2 Appeals must be submitted by the Administering Organisation of the ARC Appeals Form, authorised by a Deputy Vice-Chancellor (Research), Chief Executive Officer or equivalent. Appeals must be received within 28 days of the date of the notification to the Administering Organisation of the outcome of Proposals.

12.1.3 Appeals must be addressed and sent to the address advised under ‘Contacts’ at the beginning of these Funding Rules.

13. Reporting Requirements

13.1 Progress Reports

13.1.1 Years 1, 2, 3 and 4: Report by Exception. A report must only be submitted if significant issues are affecting the progress of the Project. The report must specify the actions being taken to address the issues.

13.1.2 Year 3 of a 5 Year Project: A Progress Report must be submitted with the instructions to be provided by the ARC each year.

13.1.3 If the ARC is not satisfied with the progress of any Project, further payment of Funds will not be made until satisfactory progress has been made on the Project. If satisfactory progress is still not achieved within a reasonable period of time, the Funding may be terminated and all outstanding monies will be recovered by the ARC.

13.1.4 When required, Progress Reports must be submitted by 31 January in the year following each full calendar year for which the funding was awarded as directed by the ARC.

13.2 End of Year Reports

The Administering Organisation must submit an End of Year Report by 31 March in the year following each full calendar year for which the funding was awarded in accordance with the instructions to be provided by the ARC each year, including details of both the Partner Organisation Cash Contribution and In-Kind Contributions.

13.3 Final Report

13.3.1 A Final Report must be submitted for the Project within twelve months of the final payment or within twelve months of the final approved carryover of funds as directed by the ARC.

13.3.2 The Final Report must justify why any publications from a Project have not been deposited in appropriate repositories within 12 months of publication. The Final Report must outline how data arising from the Project has been made publicly accessible where appropriate.
13.3.3 If any reports are not submitted or are not satisfactory to the ARC this will be noted against future Proposals submitted by all participants.

13.3.4 The ARC may also seek additional information about subsequent publications after submission of the Final Report.

13.4 Audited Financial Statement

13.4.1 In accordance with section 58 of the ARC Act, the Administering Organisation must submit an Audited Financial Statement by 30 June for each year following each calendar year for which the Funding was awarded.

13.4.2 In completing the Audited Financial Statement, the Administering Organisation must ensure that the amount shown in that statement as ‘approved carry forward funds’ is the same as the amount (if any) for which approval was given by the ARC to carry over in the End of Year Report.

14. Fundamental Principles of Conducting Research

14.1 Ethics and Research Practices

14.1.1 All Proposals and ARC-funded research projects must conform to the principles outlined in the following and their successor documents:

a. NHMRC/ARC/UA Australian Code for the Responsible Conduct of Research (2007);

b. as applicable, the NHMRC/ARC/AVCC National Statement on Ethical Conduct in Human Research (2007); and

c. as applicable, codes on animal research promulgated by the NHMRC.

14.1.2 If there is any conflict between a successor document and its predecessor, then the successor document prevails to the extent of any inconsistency.

14.2 Applicable Law

The ARC is required to comply with the requirements of the Privacy Act 1988 and the Freedom of Information Act 1982.

14.3 Confidentiality

14.3.1 The ARC gives no undertaking to keep confidential any information provided in the Proposal except where required by law. The ARC may restrict access to the Proposal from parties not directly related to the Proposal.

14.3.2 The ARC will publicise and report offers or awards of funding, including information about the proposed research; the CIs, APDIs and PIs; the name of the Administering Organisation and any other parties involved in or associated with the Project; the title and summary descriptions of the Project and its intended outcomes (including the national/community benefits that are expected to arise from the research); and the level and nature of funding from the ARC. In making public information about a Proposal which has been approved for funding, the ARC may use a Project description, including title and summary, which may differ from that provided in the Proposal.

14.4 Intellectual Property

14.4.1 The ARC does not claim ownership of any intellectual property in a Proposal.

14.4.2 The Administering Organisation must adhere to an Intellectual Property policy, approved by the Administering Organisation’s governing body, which has as one of its aims the maximisation of benefits arising from research. Unless otherwise approved by
the Commonwealth, the Administering Organisation’s Intellectual Property policy must comply with the *National Principles of Intellectual Property Management for Publicly Funded Research* as amended from time to time.

14.5 **Incomplete or Misleading Information**

14.5.1 It is a serious offence to provide false or misleading information to the Commonwealth.

14.5.2 If the ARC considers that a Proposal is incomplete, inaccurate or contains false or misleading information, the ARC may in its absolute discretion decide to recommend that the Proposal not be approved for funding.

14.5.3 Examples of misleading information and misconduct include:

a. providing fictitious research opportunity and performance evidence;

b. plagiarism;

c. making false claims in publications records (such as describing a paper as accepted for publication when it has only been submitted);

d. making false claims in relation to qualifications and/or appointments;

e. making false certifications in the RMS certification; or

f. failing to disclose to the ARC the existence, and nature, of actual or potential conflicts of interest of any of the parties involved in the Proposal/Project (such as any affiliations or financial interest in any organisation that has a direct interest in the matter or outputs of the Project).
